Specification:
 Size: 112.6*19mm
 Battery capacity: 1100mAh
 Charging port: micro USB port
 Charging time: 2.5 hours
 Resistance: 0.5Ω

Package Content:
 1x Magneto Pen
 1x USB Charger
 1x Instructions Manual

1. Turn on/off: Click the power button 5 times within 2 seconds.
2. Load/ reload: Simply pull the magnetic mouthpiece and the magnetic coil cap upwards. Use the built-in pick tool under the coil cap to load material into the coil (DO NOT STAB THE HEATING ELEMENTS). Snap the coil cap and mouthpiece back on. Press and hold the button and enjoy your vaping. Repeat as desired.
3. After use, press power button another 5 times within 2 seconds to power off.
4. To charge the battery use the micro USB charger that is included. Red light will glow when it is charging. In around 2.5 hour the battery will be fully charged, the indicator shuts off.

To extend the life and reliability of this product:

1. Please finish all the product in the bowl to prevent concentrate seepage through the coil to the top of the battery.
2. Use a cotton swab and alcohol to keep the top of the battery, bottom of the coil and the threads around the mouthpiece clean of concentrate.
3. The coil and base can be soaked in alcohol and left to dry.

Protection:

Safety Cutoff: If the power button is pressed continuously for more than 15 seconds, the light will flash 3 times and stop working. Release the power button and then press the power button to continue vaping.

Short-circuit: The light flashes 3 times.

Low battery: The light flashes 10 times and stops working.

Caution:

1. After use, do not touch the heating chamber until it cools down.
2. Keep the device away from any environment involving strong acids, alkaline, combustible materials, water or any other liquid.
3. Do not store your device in a car.
4. If the device gets too hot in use, please stop using it for a while.

Disclaimers:

People under 21 years of age are not permitted to purchase or use this device. Non-smokers, children, and women breast-feeding should not use this product. The device is not a medical device and is not intended to diagnose, cure or prevent any diseases or other conditions.
