Specification:

Material: Zinc alloy
Size: 19*110mm
Thread: 510 thread
Battery Capacity: 1100mAh
Charge time: 1 hour
Charging port: Micro USB port
Resistance range: 0.5-0.8Ω

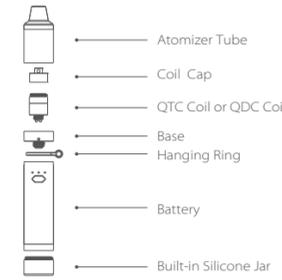

Package Content:

- 1x Regen Pen (QTC)
- 1x Extra QDC Coil
- 1x Pick Tool
- 1x USB Charger
- 1x Hanging Ring
- 1x User Manual

How To Use:

Exploded View

1. Turn on/off battery: Click the power button quickly 5 times in 2 seconds. The light will flash 5 times.
2. How to load/reload: The mouthpiece is magnetic, take off the mouthpiece and screw off the lid of the concentrate coil. Put material into the coil. Put everything back on. Press and hold the button and enjoy your vaping. Repeat as desired.
3. Replace coil: Screw off the entire coil/ cartridge and replace with a new one.
4. Adjustable voltage: Low - Middle - High

Low/one light on, Middle/two lights on, High/ three lights on.

To change voltage settings click the power button 3 times, continue this to get to desired voltage setting.

5. Micro USB charger included. Indicator light will glow when it is charging. In around 1 hour the battery will be fully charged. Once fully charged, the indicator shuts off.

Protection:

Safety cutoff: If the power button is pressed continuously for more than 15 seconds, three lights will flash 8 times before powering off. Release the power button and then press the power button to continue vaping.

No Atomizer: Three lights flash at same time. Short-circuit: Three lights flash alternately within 2 seconds.

Low battery: Three lights flash 10 times and stops working.

To extend the life and reliability of this product:

1. Please finish all the product in the bowl to prevent concentrate seepage through the coil to the top of the battery.
2. Use a cotton swab and alcohol to keep the top of the battery, bottom of the coil and the threads around the mouthpiece clean of concentrate.
3. The coil and base can be soaked in alcohol and left to dry.

Caution:

1. After use, do not touch the heating chamber until it cools down.
2. Keep the device away from any environment involving strong acids, alkaline, combustible materials, water or any other liquid.
3. Do not store your device in a car.
4. If the device gets too hot in use, please stop using it for a while.
